B.I.G. Love maintains several toy chests at the Cancer Clinic weekly and operates a weekly grocery program. The weekly grocery program provides all cancer kids and their families with an opportunity to request on a weekly basis special grocery or comfort items that they might desire. This enables families to obtain essential groceries, supplies and other items without having to leave their child or their hospital room.

THS FFA wants to fill their toy chest and food pantry up as much as possible!

The following items are needed:

- Snacks:** Individual bags or boxes of all kinds (chips, crackers, nuts, beef jerky, dried fruit)
- Breakfast snacks:** pop-tarts, little debbies, chewie bars, granola bars etc.
